

Merry Christmas

Dear Partners for Life,

It's been an incredible year for Sav-A-Life, Vestavia. Our # 1 goal was to build relationships with men and women that come to *The Pregnancy Test Center* – we begin by introducing them to their baby for the first time on our new ultrasound machine. In our mentoring classes we walk with our clients through every stage of pregnancy and parenthood. The results - **a client increase of 49% over last year**, therefore, an increase in the number of people that heard and received the gospel. I wanted to share this so you can join us in **celebration over what God has blessed through your faithfulness.**

Our goal for 2009 is to expand God's work by taking this ministry into the downtown Birmingham/Woodlawn areas. We want to make it possible for all pregnant single women to have a free ultrasound – this is crucial since 90% of all abortions are performed on single women. Our purpose is to share the truth about life, provide a tangible ultrasound picture with the expected arrival date and educate clients on the adoption option. Many young men and women find themselves in a crisis pregnancy and choose abortion due to pressures they face. With your faithful giving we can increase the opportunity this child has at life and can prevent more moms and dads from experiencing the painful scars of abortion.

As you make plans for year-end giving, please remember Sav-a-Life, Vestavia. Your financial contributions tangibly touch the lives of young men and women in crisis situations which result in the birth of precious children. I have listed a few specific needs we currently have hoping some of you can help.
